Multi-faith Youth Conference 2018 - The Next Step to Achieving Peace

The Toowoomba Youth Peace Group, with seven young members, worked towards the same goal of building peace within the community. After months of planning and hard work, the successful Toowoomba Youth Peace Conference, which was organized by the group, took place on 13 October 2018. The youth conference attracted many people of all ages from across Toowoomba.

The key theme of the day was 'What We Influence vs. What Influences Us' and was aimed at high school students. The day consisted of inspiring guest speakers from across the region including Quinn MacDonald (Yr 11, Harristown State High School) and Naz Gul Nazari (Yr10, Centenary State High School). The day also included interesting activities and workshops with a showcase of beautiful artworks.

Following up on the conference, an art competition was introduced. Many amazing artworks were received from people of all ages with prizes for first second and third. The artworks were displayed on the conference day and the top five were voted by the attendees on how well they expressed what living in harmony looks like in today's world.

With experience, we are looking forward to improving future youth conferences to attract the youth of our region and to further promotion of our annual art competition. We hope to encourage more people to take steps towards building peace through our efforts of integrating and connecting the future leaders of our community.
